EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Derrick Michael Reid (Reg. No. 32,096) on 9/8/2006.

IN THE CLAIMS

Claim 9. In line 25, replace "identifier to a distal destination at the destination IPA for" with "identifier to a destination at a destination IPA for"

Claim 12. In line 15, replace "the destination URL identifier," with "a destination URL identifier,"

Allowable Subject Matter

Claims 1-15 are allowed in view of the Applicant's arguments (Response filed 6/15/2006, pages 12-15) and the cited prior art of record. The independent claims recite methods for a router to retrieve web content from a distal web cache in which a user requests a URL and the router cross-references the URL to an IP address of a distal web cache stored in a table in the router in a similar fashion to DNS, however the router

then sends the URL request to the IP address of the distal web cache to retrieve the content from the distal web cache which, in addition to the rest of the claim limitations, are distinguished from the prior art. As explained in Applicant's arguments, the functionality does not include DNS (Response filed 6/15/2006, page 14). For support, see Instant Specification (p11, lines 9-27, p12, lines 4-21, p16, lines 4-18, p 20, lines 12-28, p27, lines 19-28)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
